

Testimony

"We had the best time during the Central Academy Benefit Hunt. On a recommendation from a friend, myself, my father, and six of my friends drove almost 900 miles each way from South Florida to Macon, MS to attend. From the start, we were treated like we lived there all our lives. We made instant and life-long friends and everyone we met went way out of their way to make sure we had a great time, and had the best opportunity to take a great deer. I wound up taking a great deer, and so did my father. We saw many others, including a real monster that did not present a shot. We'll all be back again this year, and hopefully I'll see that monster again. I would recommend this hunt to anyone in a second, and it directly benefits Central Academy, which is a huge plus."
