Welcome!

I am delighted that you are interested in Central Academy. I believe you will find us to be a special community which seeks to offer an academic program that emphasizes the fulfillment of each student's potential and integrates traditional values into every aspect of campus life.

Beginning in pre-kindergarten, Central Academy's students begin the journey of a lifetime as they are grounded in basic disciplines, given opportunities to discover and create, and challenged in the classroom as well as on the playing field. It is a journey they do not go on alone; our students find support and strength in the community which surrounds them, a community united by a common goal – the unlocking and expanding of God's great gift – the mind.

I invite you to visit Central Academy to meet the students and staff who make this a special place and experience the feeling that permeates the air here – a feeling fired by an enthusiasm and love of learning and the joy of lasting relationships. We look forward to sharing this experience with you.

May God Bless You,

Toby Davis
Headmaster
